

Martin Rumble Vauxhall, Nuneaton

## Martin Rumble's relocation and new build requirement was fulfilled as an 'end to end solution' by Deeley Group

**Value** £1.1 million  
**Client** Martin Rumble Ltd

**Timeframe** June 2010 - December 2010  
**Engineer** CTM Ltd

**Contract** JCT Design & Build 2011  
**Architect** Deeley Construction Ltd

The project was for the design and build of a new Vauxhall main dealership for Rumble Bedworth Ltd, creating over 11,700 sq ft of new retail space for the dealer.

The project began as a result of the client wishing to consolidate his two dealerships into one larger facility. After searching the local surrounding area, Deeley were approached in respect of a land and construction package. Deeley Construction took on the role of design and build contractor.

The finished development for the new car dealership comprised a first floor office, a showroom with display for seven new cars, sales and service desks & 10 service bays

complete with MOT testing and car valeting facilities.

Externally were facilities for display of 8 new cars and service & MOT parking accommodation for 30 vehicles.

In addition the dealership had an associated used car sales facility for 61 vehicles and a small dedicated sales office.
