

Retail Park Funds

Deeley Group is a leading Midlands developer in the retail sector.

Our sector specifics

- Delivered 197,900 sq. ft. of new and refurbished retail space in the last 5 years
- Project values range between £500,000 - £10 million
- Covering the wider Midlands area
- We specialise in last mile units between 20-30,000 sq. ft. but can cover up to 50,000 sq. ft.
- High street and out of town retail parks
- Works adjacent to busy infrastructure including dual carriageways and airports

Once again, thank you for all your efforts, you have delivered a fantastic project. This is a busy park as you know, and credit is certainly due for delivering the various phases to date with minimal impact on the other retailers.

TOM PINDER

Project Manager, LondonMetric Property
